

These permissive bridledways provide safe, offroad routes following grass field margins. They link with other permissive access and public rights of way to enable routes between Burnham Market and the villages of Burnham Norton and Burnham Deepdale. The margins also provide a habitat for wildlife and help to protect the hedgerows, which are being managed to enhance the landscape and further benefit wildlife on this arable farm. Parking is available at Burnham Deepdale Information Centre.

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends in September 2013.

For access related queries please call the Access Management Unit on 01902 693218 (Office Hours).
 For all other Defra related queries please contact the Defra Helpline on 08459 335577 (Office Hours).
