

# CONSERVATION WALKS

This circular route provides permissive access to a very secluded area of the Roseland Peninsula, near Philleigh. The route passes through a variety of habitats, including arable farmland and grassland. Many of the fields are managed to benefit wildlife, including farmland birds and rare arable plants. The route also passes through nationally important ancient oak woodland along the River Fal offering tantalising glimpses of the internationally important estuary below. Please keep dogs on a lead to avoid disturbance to feeding/roosting birds and otters.

- Permissive bridleway
- Public Footpath
- FB Footbridge

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends in September 2014.

For access related queries please call the Access Management Unit on 01902 693218 (Office Hours).  
For all other Defra related queries please contact the Defra Helpline on 08459 335577 (Office Hours).
