

# CONSERVATION WALKS

This permissive bridlepath crosses Cavil Head Farm between Acklington Village and Rake Lane. The Countryside Stewardship agreement at Cavil Head includes land management to create new habitat for farmland birds such as tree sparrows and grey partridge on a productive arable farm.

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends in September 2012.
