

# PERMISSIVE ACCESS

This permissive footpath is one of many circular routes provided under the Higher Level Stewardship Scheme. The grass margins along the route have been created to protect the hedgerows and provide habitat for wildlife. From part of the walk you will also be able to view some pollen and nectar and wild bird seed mixtures which have been planted to increase insect and farmland bird activity. During the walk, you may be lucky enough to see Lapwing, Skylark, tree sparrow and Yellowhammer, as well a variety of other farmland birds.

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes as managed by Natural England, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Countryside Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends on 30th September 2020.
